SUMMARY — I'm a Full Stack MERN developer with experience in developing dynamic and responsive web applications using React.js. I'm good at React and know my way around backend stuff too. I use tools like MongoDB, Express.js, and Node.js to make cool web apps. I keep learning new things to stay on top of the latest tech trends.

SKILLS

Frontend Experience with front-end technologies like HTML , CSS , Tailwindcss ,JavaScript , React.js, Next.js .Knowledgeable in React.js technologies like Redux , Redux toolkit , Redux Thunk,Router .

Backend Knowledgeable in Node.js , Express.js and MongoDB for back-end development .

WORK EXPERIENCE

AlgoDox Technology Private Limited (Jaipur, Rajasthan)

Jan 2024 – Present

React.js Developer

OTTMovies News WebSite

- Developed a dynamic online movie streaming platform and front-end UI with React and Next.js, ensuring a responsive design.
- Implemented server-side rendering (SSR) and for optimal performance and features such as user movie streaming, and reviews.
- Link- ottMovies

ALXTrip Tour WebSite

- Built an international tour booking website that allows users to explore and book tours.
- Designed and developed a multi-page site using Next.js with a focus on SEO and performance.
- Link- AlxTrip

Car-Rental WebSite

- Created a comprehensive car rental website with an admin panel for managing bookings and inventory.
- Developed both the client-facing website and the admin panel using React.js.
- Implemented state management using Redux for efficient data handling.
- Developed a user-friendly interface for both end-users and administrators.
